

PRINCIPAL OF FACADES

- Develop the business and build your own team
- Senior leadership opportunity
- Central city location close to public transport

THE BUSINESS

Blue Barn is a medium sized consultancy going great places and doing big things! With projects spanning the transportation, roading, land development and structural sectors, Blue Barn defies its size with some of the best projects in NZ. At the heart of our business is the core value of 'PEOPLE MATTER', which is something that is demonstrated every day at all levels within the firm. With a strong leadership team and board, Blue Barn has a growth strategy in place which will present boundless opportunities in the years to come.

STRUCTURAL

The Structural Design Team are highly experienced and have an excellent reputation within the engineering industry. From small residential homes through to large-scale residential and commercial structures, projects are diverse and interesting. With a significant number of blue-chip clients, the Structural Team within Blue Barn are well-established, and have many projects in the pipeline.

THE ROLE

We have an outstanding opportunity for an industry professional, to come onboard to develop our Facades business, and subsequently a team around that. Due to significant growth within Structures, we have identified the need for a dedicated Facades Team, which will focus on developing this business stream, and capitalising on the current gap in the market. As Principal of Facades, you will report to the Director of Structures, and have responsibility for new business development and the growth and strategic direction of the Facades Team. You will have the support of the wider business, the leadership team, and a possible J.V Partnership to help you do this.

ABOUT YOU

As the champion of Facades for Blue Barn, you will be passionate about the industry, and be able to leverage off your existing industry relationships. You will have proven commercial acumen, an entrepreneurial spirit, and be a natural relationship builder and networker. We are searching for a senior industry professional, who is excited by this opportunity to make a big impact on the strategic direction of Blue Barn. In addition, you will also possess the following:

- 10-20 years + Structural Engineering experience, with the most recent years specialising in Facades
- Technical competency
- Commercial focus, and desire to build the business
- Strong leadership skills
- Client focus, and excellent reputation within the market

BECOMING A BLUE BARNER

Once you are onboard as a 'Blue Barner', you will enjoy a fun but professional culture, within a business that truly values its staff. The people who are on the growth journey now, will be given opportunities as the business grows, which are difficult to attain within the larger consultancies. In addition, you will enjoy a generous salary and bonus (discretionary) and stunning new offices in the heart of the city.

If this is ticking your boxes, you might be the one we are looking for! Apply today via the apply now button or contact me in confidence at P 022 069-5284 or E natasha@kin.co.nz. Natasha Symonds – Talent Specialist / Kin.

You must hold a valid NZ Work Visa to be eligible for this role.
